Creating Beautiful Landscapes®

## **THE STRENGTH OF A NATIONAL COMPANY WITH LOCAL CUSTOMER SERVICE.**

Pavestone, LLC began in 1980 with one manufacturing facility in North Texas. From the beginning, we dedicated ourselves to delivering the greatest selection and the highest quality of segmental concrete systems available in the U.S. Our pave stones, retaining walls, edgers, patio stones, and erosion control systems transform landscapes into beautiful dreamscapes. Today, Pavestone brand products are manufactured in 23 state-of-the-art facilities delivering to more than 40 states. Thank you for choosing our products to add beauty and value to your landscape.

VENETIAN STONE™ HERITAGE™ SERIES

ECO-CITYLOCK™

# ECO-CITYLOCK™

Pavestone's Eco-CityLock™ Series is an innovative and unique narrow modular permeable paver system that parallels today's trend of architectural alignment and visual direction. In addition to the contemporary aesthetics, the product also delivers a sustainable, permeable pavement surface. The structural interlocking spacer bars contribute resistance for premium vertical, horizontal and rotational interlock of the neighboring units. Versatility of construction affords installation patterns that can be installed in 4" stagger bond offsets or a variety of herringbone configurations. The arrangement of design intent and environmental balance case a creative solution for adding aesthetics to site work stormwater management solutions.

ECO-PRIORA™

# ECO-PRIORA™

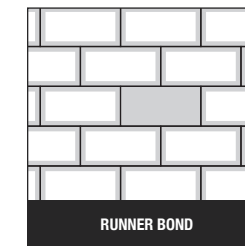

The patented interlocking joint and non-chamfered top edge profile of Pavestone's Eco-Priora™ insures optimum performance unequalled in the permeable paver industry. The unique Eco-Priora™ joint profile allows surface water to infiltrate into the pavement and it's sublayers. Eco-Priora™, even with a clogging factor, will still meet the majority of current storm water management plans (SWMP), as well as, assist in meeting current EPA storm water regulations and LEED certification.

ECO-VENETIAN STONE™

# ECO-VENETIAN STONE™

Pavestone's Eco-Venetian Stone™ is the sustainable solution for modular multi-shape permeable pavements. Modular square and rectangular shapes, an attractive cleft surface, and a non-industrial aesthetic set Eco-Venetian Stone™ apart from other permeable pavement treatments. It's texture resembles stone facing, invoking a more natural convention while its larger scale lends itself to stately residential settings and more expansive commercial applications. The modular pattern of Eco-Venetian Stone™ equalizes the scale of any project and is fitting to most any architectural elements.

ADA COMPLIANT PAVER

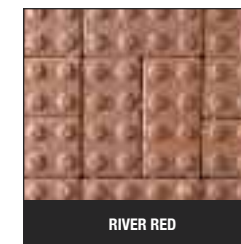

# ADA COMPLIANT PAVER

The ADA Compliant Paver is an additional guidance provision for wheelchair and pedestrian access to streets, sidewalks, and other components of the public right-of-way. This product will help ensure local jurisdictions and other entities that their facilities are accessible to people with physical or sensory disabilities. The ADA Compliant Paver provides visual, as well as, textural contrast to conventional publicly utilized pavements.

ANCHOR™ DIAMOND PRO STONE CUT® RETAINING WALL SYSTEM

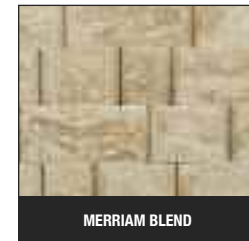

# ANCHOR™ DIAMOND PRO STONE CUT®

## RETAINING WALL SYSTEM 3-PIECE COMBO

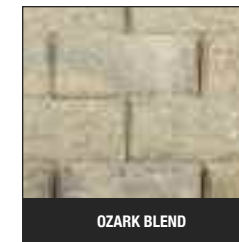

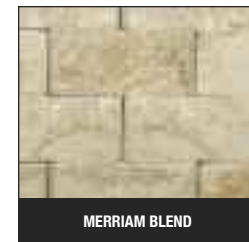

The Anchor™ Diamond Pro Stone Cut® Series has brought the latest look and appeal in architectural design with its addition of the two smaller modular components. The three-piece system separates itself by creating alternating scale and dimensions. While the system still meets the rigorous demands for both engineering and structural components, its multiple shape patterning creates new and innovative applications for site work designs.

ANCHOR™ HIGHLAND STONE® FREESTANDING WALL SYSTEM

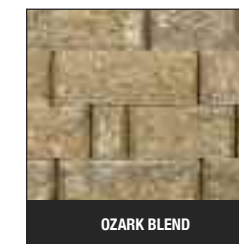

# ANCHOR™ HIGHLAND STONE®

## FREESTANDING WALL SYSTEM 3-PIECE COMBO

The Anchor™ Highland Stone® Freestanding Wall System by Pavestone is crafted with the same earthen colors and rough-hewn texture that made Anchor™ Highland Stone® a top choice for retaining walls. The stones are available in three different sizes, giving wall appearance a more natural look. Straight or curved, the Highland Stone® Freestanding Wall System is Pavestone's most versatile landscape product yet.

ANCHOR™ SEQUENT™ RETAINING WALL PANEL SYSTEM 6-INCH/8-INCH COMBO

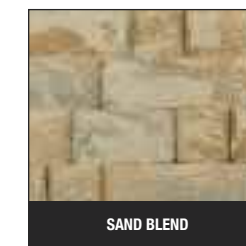

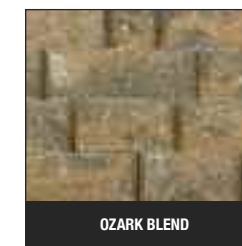

# ANCHOR™ SEQUENT™

## RETAINING WALL PANEL SYSTEM 6-INCH/8-INCH COMBO

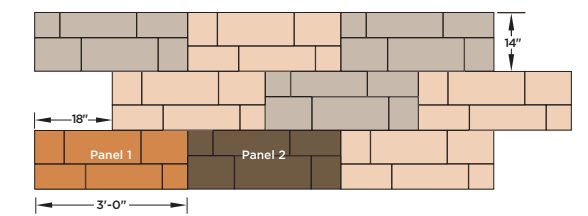

The Anchor™ Sequent™ Retaining Wall Panel System combines two popular Anchor™ products with great aesthetic and functional results. The panels are a quick way to build a multiheight wall by combining the Diamond Pro Stone Cut® and Highland Stone® Retaining Wall Systems in a simple installation pattern. The Sequent™ Retaining Wall Panel System installation pattern is quick to install on any scale when you want to create a random, rough-hewn look without sacrificing productivity.

	Large	12" W x 18" L x 6" H	20	80				

### Estimating Information

- Determine the square footage of exposed wall.
  - Each panel covers 3.5 sq. ft. Divide the square footage of exposed wall by 3.5 to determine the number of panels.
  - Each pallet of Diamond Pro Stone Cut® Combo can complete 16 panels. Divide the number of panels by 16 (rounding up) to determine the number of Diamond Pro Stone Cut® Combo pallets required.
  - Each pallet of Highland Stone® 6 inch Combo can complete 20 panels. Divide the number of panels by 20 (rounding up) to determine the number of Highland Stone® 6 inch Combo pallets required.
- Determine the linear footage of base course, and divide by the appropriate factor below to calculate the amount of material required.
  - Highland Stone® 6 inch Combo = 60 linear feet per pallet.
  - 18 inch only blocks: 1.5 linear feet per block.
- Add the exposed wall and base course requirements. Don't forget the caps!

Colors printed here are as true a match as the printing process will allow. For best matching results, please refer to actual samples.

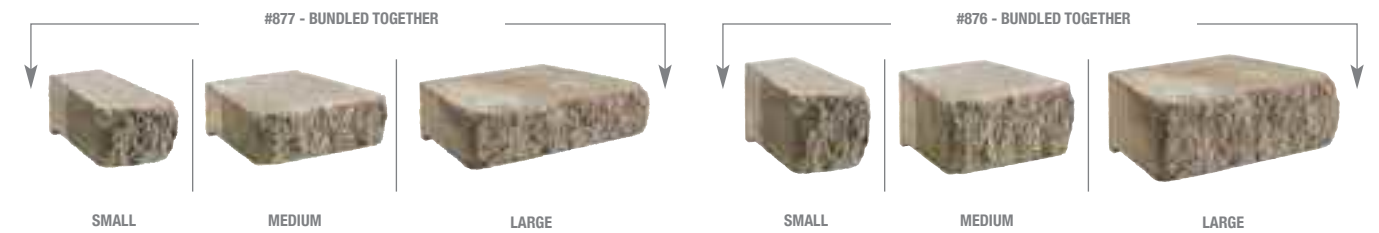

ANCHOR™ SEQUENT™ HIGHLAND STONE® 3-INCH/6-INCH COMBO MULTIHEIGHT WALL

# ANCHOR™ SEQUENT™ HIGHLAND STONE®

## 3-INCH/6-INCH COMBO MULTIHEIGHT WALL

The Anchor™ Highland Stone®, with its rough-hewn exterior and patented rear-lip system, is now available in both 3-inch and 6-inch heights. Use these stones alone or mixed together to create natural stone beauty without sacrificing stability. The Highland Stone® 3-inch/6-inch combination multiheight retaining wall system combines earthen tones, rich textures, and varied contours to make it a reliable alternative to natural stone walls.

# RUMBLESTONE™ COLLECTION

Reminiscent of our fondest childhood toys, Pavestone's innovative RumbleStone™ provides a set of rustic building blocks for your outdoor hardscape projects. Whether your project is simple or complex, large or small, RumbleStone's possibilities for creative expression are as limitless as your inner child's imagination. The four tumbled RumbleStone™ sizes can be assembled in an endless variety of configurations and orientations. In addition to simple running bond patterns, the stones can be easily stacked with insets, moved forward and backward, horizontally and vertically, for more aesthetically pleasing visual relief and texture. What will you create?

POLYMERIC SAND

# ACCESSORIES

**NATURAL LOOK SEALER** – Water based penetrating silicone sealer waterproofs and protects concrete, brick, masonry, pavers, and stucco surfaces. Clear sealer does not change the surface appearance. Seals from water, salts, and oils. UV Resistant.

**Use For:** Driveways • Patios • Walls • Sidewalks • Pre-stress panels • Retaining walls • Tunnels • Loading docks • Bridge columns • Tunnels • Curbs/steps

**WET LOOK HIGH GLOSS SEALER** – Water based penetrating silicone sealer waterproofs and enhances the color of concrete, masonry, brick, paver, and natural stone surfaces. Seals from acids, grease, food stains, oil, salt, and more. UV resistant.

**Use For:** Decorative concrete • Pavers • Natural stone • Exposed aggregate • Brick • Stucco

**POLYURETHANE CONSTRUCTION ADHESIVE** – A high performance, construction grade adhesive designed for permanently bonding concrete, brick, marble, stone, wood, aluminum, steel, PVC, and tile.

**Use For:** Repairing broken concrete • Bonding retaining wall block and caps

**POLYMERIC SAND** - Polymeric Sand is a precise mixture of polymer binders and clean natural sand. Polymeric Sand will bond with the pavers/stones adding strength to the joint, as well as, reliability to the pavement system. It is ideal for use on any paver surface such as sloping areas, driveways, patios, pool decks, sidewalks, etc.

**Use For:** Driveways • Sidewalks • Pool decks • Patios

VENETIAN STONE™ HERITAGE™ SERIES

### **COLOR VARIATIONS**

As in all natural materials, color in paving stones and wall stones has inherent variations. Paver and wall color is affected by the variances in the raw materials, concrete mixture, moisture content, climactic conditions, and other variations. Therefore, the colors shown are approximate representations of Pavestone's paver and wall colors, but should not be expected to be an exact match of what will be delivered.

### **THE NATURE OF EFFLORESCENCE**

Another cause of color variation in paving stones and wall stones may be the natural phenomenon called efflorescence. Efflorescence, a deposit of white salts consisting of mostly calcium carbonate, may appear as a white powder on the paver or wall surface and in no way affects the structural integrity. This phenomenon occurs in all concrete and although it cannot be completely prevented from occurring, efflorescence generally will weather off and disappear over time or can be removed with cleaners at the job site.

# PAVESTONE, LLC

## LIMITED LIFETIME GUARANTEE OF QUALITY

Pavestone, LLC hereby provides to the original purchaser a lifetime guarantee that its concrete paving stones purchased by the purchaser and installed for residential use will be free from defects in workmanship or materials given normal use and care. Concrete paving stones installed according to ICPI standards, and properly cared for that prove defective will be replaced without cost, except that Pavestone, LLC will not be responsible for labor, transportation costs or equipment costs. Warranty covers product only. Pavestone, LLC does not guarantee color matching nor does it assume responsibility for damage or defects arising from improper installation, abuse or the alteration or application of any other materials to its concrete paving stones. To obtain performance under this guarantee, the purchaser should contact Pavestone, LLC at 3490 Piedmont Ave., #1300, Atlanta, Georgia, 30305, telephone number 1.404.634.9100. This guarantee gives the purchaser specific legal rights, and the purchaser may also have other rights that vary from state to state.
